The Fire Department has been called out to fires three times during the year. At the house of Warren Landers, in October, at N. Walling's Factory, Nov. 20, at the barn of A. H. Waters, Nov. 26. At each of which fires the Department was promptly on hand and performed efficient service.

The Engineers recommend an increase of pay to the members of the Department, or that some other method be devised

to keep the companies filled, and to render the Department more efficient.

All of which is respectfully submitted,

D. B. CHASE, }
A. C. WOOD, } *Engineers.*
